## PROFESSIONAL SUMMARY

Python Full Stack Developer with hands-on experience in Python, Django, Django REST Framework, Oracle SQL, HTML, CSS and JavaScript. Skilled in developing RESTful APIs, CRUD applications, database-driven solutions, and authentication features. Good problem-solving skills with a quick-learning mindset and the ability to contribute effectively to real-world software development projects.

## TECHNICAL SKILLS

**Programming Language:** Python (OOP, Functions, Loops, File Handling, Exception Handling, Lambda, Map, Filter)

**Backend & Frameworks:** Django (RESTful APIs, ORM, CRUD Operations, Authentication)

**Frontend Technologies:** HTML5, CSS3, JavaScript (Fundamentals)

**Database:** Oracle SQL (DDL, DML, TCL, DCL, Joins, Subqueries, Aggregate Functions, Normalization)

## PROFESSIONAL EXPERIENCE

**Python Full Stack Developer Intern** **April 2026 – September 2026**

*PySpiders Training Institute, Bangalore, Karnataka*

- Gained hands-on experience in frontend development using HTML, CSS, JavaScript including responsive web design, component-based development, and API integration.
- Developed backend skills using Python, Django, and Django REST Framework, working with RESTful APIs, CRUD operations, authentication, and client-server communication.
- Worked with Oracle SQL and practiced Git/GitHub for version control and source-code management.

**Technical Editor** **May 2025 – April 2026**

*Integra Software Solutions, Puducherry, India*

- Performed technical document editing and formatting using LaTeX, ensuring accuracy, consistency, and professional document structure.
- Reviewed and edited technical manuscripts to maintain grammatical accuracy, formatting standards, and content quality.
- Collaborated with cross-functional teams to manage document workflows, revisions, and project deliverables within timelines.
- Managed LaTeX-based publishing workflows, including document formatting, proofreading, quality checks, and final content validation.

## PROJECTS

**E-commerce Management System** **Python, SQLite, Django**

- Developed a menu-driven e-commerce management application using Python and SQLite, implementing product inventory and billing functionalities.
- Implemented CRUD operations for adding, viewing, purchasing, updating, and deleting products, enabling efficient inventory management.
- Integrated SQLite database with Python to store and manage product, inventory, and billing information efficiently.

## EDUCATION & ACHIEVEMENTS

**Bachelor of Computer Application (BCA)** **2022 – 2025**

*Sri Manakula Vinayagar Engineering College, Puducherry | CGPA: 8.2/10*

- NPTEL Certification: Front-End Web Development (Completed with 50 Percentile) – Covers HTML, CSS, and JavaScript fundamentals.
